User Stories that shaped our ideal workflow and feature choices

1. A production company is streaming a day long conference with multiple concurrent live streams. During each session an intern will be assigned to clip and post a short (2 min video) and post to the conference twitter feed.

2. A sport company is streaming a hot rod race from a remote location. The technician must post the exciting finish to your website as soon as it is finished to beat any other postings.

3. A zoo is 24/7 streaming the imminent birth of a giraffe. To drive traffic to the site and the IT department wants to post clips to the zoo's Facebook page.

4. After the completion of a weekly entertainment gossip show, a user wants to clip the beginning and end of the stream to post the video to her site

Hey, don't judge. Don't knock it till you try it. Cuddle with a crab. Snuggle with a shellfish. I would love to go to the Dominican Republic. Wayne: Well, you're not, so let's just move on. As much as we could stand here, you're not. - That's okay, I'm really excited about my choice, and I hope, so I can't wait. Wayne: How about I give you $1,000? (Audience shouting suggestions) - That's a really nice prize, but I'm sticking with my number one. Wayne: What's behind curtain one? Jonathan: It's a suite of appliances. Wayne: Go cuddle with that fridge, Jonathan. Your home will undergo an appliance makeover courtesy of Haier, with this French-door refrigerator, a 150-can drink fridge, and a high-performance dishwasher. Plus, get the most out of your kitchen with this collection of stainless steel Electrolux appliances, including a new coffee maker, kettle, blenders, and a toaster. This deal's worth $5,107. Tiffany: Congratulations.

Wayne: Hey, I just thought of something. Are you single? - I am. Wayne: You are. Tiffany: She is! Wayne: You are. I want to introduce you to someone. - Okay. Wayne: This is my buddy Pat, he's one of our producers. - How are you? Congratulations. - Thank you, I'm great. Wayne: Look at him, he's a great-looking guy, right? - Yeah, I think he's a great-looking guy. - We'll talk after the show. Wayne: And he has a job and everything. - I see that. Wayne: And she likes to cuddle. But you do have to dress as a baby, though. It shouldn't be a deal-breaker. - I have a new fridge to cook him food. - Exactly. Wayne: Exactly. Wayne: Boom, I did it! More "Let's Make a Deal" right after this. New belVita Sandwich Breakfast Biscuits are for everyone. Like the hottest guy the office. The second-hottest. It's a small office. Made with a peanut butter or dark chocolate creme avored filling. Try new belVita Sandwich eakfast Biscuits. People just can't get enough of me and my discounts. So this year, they're getting a whole lot more.

2:07:13 PM

Box 365, The Calendar. Everyone knows my paperless, safe driver, and multi-car discounts, but they're about to see a whole new side of me. Heck, I can get you over $600 in savings. Chop, chop. Do I look like I've been hurt before? Because I've been hurt before. Um, actually your session is up. Hang on. I call this
